    <p>
      Hi all! This is Archana. I'd describe myself as a lifelong
      learner. I love solving problems and try to stay consistent in everything I
      do. I'm an introvert who enjoys spending time alone, and I love playing
      badminton. These days, I'm focusing on learning Data Structures & Algorithms
      (DSA) and web development.
